

In the claims:

Please substitute the following full listing of claims for the claims as originally filed or most recently amended. Claim 1 has also been reformatted for improved clarity.

1. (Currently Amended) An EMI suppressing cable, comprising:

a core wire bundle, said core wire bundle including a plurality of core wires, said core wires being respectively covered with an insulative covering layers, layer and a ferrite compound-mixed resin layers, respectively covering the insulative covering layers layer;

a shielding layer, covering the core wire bundle; and

a sheath layer, covering the shielding layer.

2. (Currently Amended) The EMI suppressing cable as set forth in claim 1, wherein the insulative covering layers layer and the ferrite compound-mixed covering layers layer are formed by an extrusion formation.

3. (Currently Amended) The EMI suppressing cable as set forth in claim 1, wherein the shielding layer is comprised of at least one of a metal-braided wire layer, a metal tape layer and a mesh metal mixed resin layer.

4. (New) The EMI suppressing cable as set forth in claim 1, wherein the shielding layer includes a ferrite compound mixed covering layer.

5. (New) The EMI Suppressing cable as set forth in claim 4, wherein the shielding layer further comprises at least one a metal-braided wire layer, a metal tape layer and a mesh metal mixed resin layer.
